DALAND MEMORIAL LIBRARY

Librarian's Report

Relying on the continued help of friends and trustees to relieve in part the need caused by the increased cost of maintenance, Daland Library has rounded out another year of reasonably profitable service to the community. Without the aid from gifts of books, magazines, and money, our facilities would necessarily be more limited.

From the following sources, 194 new books have been acquired:

The Amherst Library gave us 25 mystery stories which have been greatly appreciated by "who dun it" fans.

Mrs. Arthur Goodwin donated four books in memory of her husband and mother.

Other memorials were books given by the King's Daughters for Mrs. Maude Kittredge and Mrs. Abbie Morgan in recognition of their long and active membership in the Wayside Circle.

We gratefully acknowledge gifts of books from Mrs. Feys, Mrs. Swanick, Mrs. Randall, Mrs. Ernest Peaslee, Mrs. Orie M. Bailey, Mrs. Weatherhead, Mary E. Smith, Mrs. Ross Butler, Mrs. Richard Thayer, Bobby Goffin, Mrs. Auryansen, Miss Alice Starrett, Mr. and Mrs. Buckley, Miss Bessie Daniel and the biography of John D. Rockefeller, Jr., given by his daughter.

Some funds have been received from a matured War Bond of the Wednesday Club, from Mrs. Auryansen and Mrs. Orie Bailey, and the usual \$50.00 from the Daland Trust Fund from legacies to be used for the purchase of books.

There are a good many books on the church reading list available and in April the Home Circle received a book entitled "The Heavens Declare" by George P. LaBorde, as second prize for number of books read

from Adventures in Reading, which they presented to the Library.

The P.T.A. have donated a subscription to National Parent Teacher Magazine to add to our periodicals.

We are grateful to Mrs. Isabel Hall for the picture of the interior of the old meetinghouse built in 1783, which she had enlarged from a small photograph, and framed. Anything of historic value is appreciated.

Books suggested by the teachers as desirable for use by the grade scholars have been furnished as far as funds permitted and the cooperation shown is gratifying.

The World Book, presented last year by the McCollum Institute Trustees, has proved an invaluable addition as a source of reference and information.

Several meetings of interest have been attended during the year. One at Concord early in May was enjoyed by one Trustee and friends, arranged for Trustees of New Hampshire libraries.

May 22nd, the Librarian and others attended a Neighborhood Meeting at New Ipswich and received inspiration and knowledge of what other small libraries are doing.

On June 17th, the Librarian with Mrs. Goodwin and Mrs. Cutter attended a large reception at the State Library given for Miss Catharine Pratt on her retirement after 22 years of service, 16 as Assistant State Librarian in charge of Extension Service. It was with great regret we learned of her retirement for her interest and advice have been of great help and we were glad of the opportunity to tender our thanks for past favors.

Many magazines and discarded books have been distributed where they might be of further use to individuals, the Salvation Army, the Marlow Library, and in other ways.

The Bookmobile, instituted during Miss Pratt's service, continues to be a great addition to our stock of cur-

rent books, and Mr. Maurer's recommendations are most helpful.

This year has seen an increase in the interest in reading among the children which in itself is sufficient reward for effort expended.

Respectfully submitted,

RUTH S. ENDREJAT,

Librarian.

Treasurer.

REPORT OF POLICE CHIEF

During the past year the following complaints were investigated and acted upon by your Police Department:

Assault	1
Trespassing	3
Operating vehicle under the influence	1
Other Motor Vehicle violations	15
Suspicious persons	2
Serving warrants	4
Motor Vehicle accidents	9
Lost and missing persons located	2
Care for stray animals	4
Malicious damage investigated	27
Court cases	6
Convictions	4
Attempted jacking of deer investigated	3
Breaking and entering	4
Dog bites	3
Speed warnings: 109 verbal; 9 written	118

This year with the co-operation of the Selectmen, it was decided to register the bicycles in town and to put Scotch Lite on them for safety. There were 42 bicycles registered. We are pleased to note that the number of complaints have been fewer this year, although some have been much more serious. We have continued to donate our time to organizations conducting activities within the town and also for traffic control on weekends and holidays. We feel that the same appropriation should be made in the Town Budget for the Police Department. The Department wishes to take this opportunity to thank the townspeople, the State Police, and the Conservation Department for their co-operation and help during the preceding year.

ROLAND E. CHRISTIE, JR.,
Chief of Police.

FIRE DEPARTMENT REPORT

The fire department was called out for four house fires, one fire at the town dump and several brush fires during the year.

A new portable pump was added to the equipment and 2½" hose was also introduced.

During the year the department sponsored a May Breakfast, a dance and several paper drives. We would like to thank the townspeople for their support in all of these ventures, and would greatly appreciate their cooperation in the future. We would especially like to call to your attention our paper collections which we feel have been responsible in eliminating a great fire hazard at the town dump.

The fire department has voted to use the proceeds from some of its activities to purchase a radio for the tank truck, similar to the one purchased by the town for the Ford truck.

ROAD AGENT'S REPORT

During the past summer we have bought and set 125 railing and culvert posts. It will take about as many more to complete the job and make the town roads safe. We, also, laid one new culvert. Our gas tax money was used for gravel on the following roads: Grand Hill, Hazen's Hill and the road from Miss Edwards' to William Lamson's. Town money, for graveling, was used on the cemetery road to Mrs. Hall's place, Carleton Hill and Weston Hill to LaPalm's place. Our T.R.A. money was used to build one mile on Mason Road with five new culverts.

Due to higher rates which we have to pay for wages, trucks and supplies, I would suggest an increase of five (5) hundred dollars in the appropriation for town road maintenance.

I wish to thank you for the support and consideration shown me during my first term as your Road Agent.

Respectfully submitted,

FRED H. WILLARD,

Road Agent.

REPORT OF TOWN HISTORY COMMITTEE

The Mont Vernon Historical Committee has been working on the Town History for the past three years and most of the articles have been typed and checked and are ready for the printer. Two articles have not been returned to the chairman of the committee.

Anyone living in town for five years prior to 1957 and desires to have a genealogy blank that has not already received one and filled it out, please contact Mrs. Gladys Goodwin not later than April 1st as the genealogy information on hand will be typed.

Mr. Carl Bardwell and George Kittredge are drawing the map of the town, listing the streets and the location of the houses and a brief description of each one is planned.

Your committee expects a completion and printing of supplementary town history this year.

MRS. GLADYS A. GOODWIN,
MISS MARY E. SMITH,
MRS. LILA W. POMEROY,
MRS. MARION G. MORRISON,
MISS CATHERINE MORGAN,
MR. ALBERT B. LAMSON,
MR. HAROLD L. STRONCER,
Town History Committee.

REPORT ON PINKHAM AVENUE DRAINAGE

Selectmen's Report

As directed by vote of the 1955 Town Meeting, the Selectmen investigated the drainage situation on Pinkham Avenue. We were very fortunate to secure the professional services of Mr. John Palazzi whose consulting and advisory services were without expense to the town. It is the opinion of this committee, guided to a great degree by the engineering advice of Mr. Palazzi, that adequate drainage for Pinkham Avenue can be installed for approximately \$1700.

F. C. REAGAN, Chairman
Board of Selectmen

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statement and other financial records of all Town Officers and find them correctly cast and properly vouched for the fiscal year ending December 31, 1956.

ALBERT B. LAMSON,
LEONARD S. MORRISON,
Auditors.

ADMINISTRATION

I herewith present my eighteenth Annual Report. Besides this essay, I refer you to other material herewith.

Instruction

The same instructional staff holds over from last year. Mrs. Scully in Grades 1 and 2, Mrs. Harcovitz in Grades 3 and 4 and Mrs. Clark in Grades 5 and 6 continue to merit your approval. Miss Wheeler in Music comes once per week as she has for many years.

Costs

This is a big factor in all our thinking this year. Tuition liability may be determined by the average per pupil cost of the receiving district or the state average cost per pupil for current expenses whichever is less. The State Board of Education can estimate these costs for this year and thus determine maximum liability for a sending district. Milford has reluctantly adopted this method of determining tuition rates. However, they have said that the rate would be the actual average cost per pupil for current expenses as last determined, not estimated. An examination of the following table will illustrate what it cost some districts in 1956-57:

Belmont	\$317 86	Jaffrey	\$542 45
Bristol	362 75	Manchester	328 24
Goffstown	317 02	Milford	317 85
Hillsboro	319 27	Nashua	381 61
Hollis	368 26	New Boston	415 43
Hudson	318 29	Peterborough	314 16
Wilton		\$267 96	
Weare		433 50	
New Hampshire		330 00	

The Milford rate for Grades 9-12 next year has been advanced to \$317.85 and Grades 7-8 to \$190.56 to follow the above trend in costs and liability. If estimates for 1956-57 were used as allowed by law, the state av-

erage being \$354.00 and \$231.00, probably higher rates could be established but the Milford Board is desirous to utilize actual figures rather than estimates, hence the above named rates apply to 1957-58 tuition.

A comparison of school costs in this Union is interesting, 1955-56 average per pupil costs of Current Expenses—no debt or Capital Outlay included:

	Grades 1-8	Grades 9-12
Amherst	\$230 48	
Brookline	218 93	
Hollis	183 59	\$368 26
Milford	190 67	317 85
Mont Vernon	237 07	

The two large items in school costs are increasing enrollments, and all this entails in building costs, and teacher salaries. Regarding population changes, we seem assured of having more young and many of them will stay in school longer. If the present trend continues as with the present group of families, we are sure to have a still larger school population when the large numbers now in school begin to have children. Children grow up, enter school, marry and have children. By 1965 it is estimated that we will have 30% more children in Elementary grades and 50% more in High School. The implications toward school spending are evident. It may have to be doubled just to catch up with the growth. Teachers' salaries are increasing everywhere and the end is not in sight. In order to be at all competitive, if a new teacher is to be hired, we must offer a \$3,200 minimum which has a resulting effect of increasing those already in our employ to just preserve a status quo between the experienced and inexperienced.

Acknowledgements

We appreciate the contribution of the Trustees of the McCollum fund for the new floor covering. Personally I have advocated some treatment on these

floors ever since the renovation took place. Next year is the last for payment on the debt. The new floors and this important milestone come almost simultaneously.

I am very grateful to the Board, the teachers, Miss Connolly and the Community for their interest and efforts in behalf of Better Schools.

Very respectfully,
HAROLD C. BOWLEY,
Superintendent of Schools.

HELPING TEACHER

In this, my fourth report, I would like to consider one important phase of the work of the Helping Teacher—the testing program.

The Testing Program

Any program must be definite in itself and serve a distinct purpose if it is to be employed with any success. With this in mind a long range program has been established which covers in range the preschool through the twelfth grade and in scope the most important subject areas as well as intelligence. Any child in this union entering the first grade and continuing through high school will, in the course of twelve years, be tested once for reading readiness, seven times for reading, three times each for arithmetic, work study skills, intelligence, and twice for high school English.

Why This Program?

Because reading is the most important skill, upon which most other subjects depend, the pupils will be tested more times in this area. This will be in the beginning of his school career when the mechanics of reading are learned and at the end where their use is vital to a continuing education whether or not the pupil goes to college. It is necessary also to know how well the pupil has attained the many concepts of number and the techniques of their use, so arithmetic tests are included. What skills have been acquired in the abilities to seek out and interpret information? The work study skills tests show the teacher how well the pupil can use the dictionary, index reference material, map, graph and chart. The English tests are given at the high school level as this will be the last chance for those planning to enter college to master the requirements, and also the last chance for those not going to college to attain a good background in English. Also the language series used throughout the union provides progress tests for the elementary grades. The intelli-

gence tests help all concerned to understand the pupil's potential and what can reasonably be expected of him. One test alone usually is not enough while three taken at intervals may give a more complete picture.

All of these tests are standardized, which means they have been given to pupils during a nation-wide program and on the basis of thousands of scores certain standards have been set up. We in this union may compare the abilities and achievements of our children with those of the nation of the same age or grade. We may also make similar comparisons among our own schools or classrooms. From the achievement tests we learn what the pupil has or has not mastered, and what his weaknesses may be. On the basis of these results the teacher plans a program which will help the pupil. Through a continued testing program we are aware of the degree of growth made between tests and can more intelligently go about stimulating those whose growth for some reason has slackened.

Results

A brief summary of results showing how the median for Union No. 40 compares with the nation score is as follows; Given March, April, May 1956.

Grade 1 Reading	6 months above the national norm
Grade 2 Reading	12 months above the national norm
Grade 3 Work Study	3 months above the national norm
Grade 4 Work Study	3 months above the national norm
Grade 5 Work Study	exactly at the national norm
Grade 6 Work Study	3 months above the national norm
Grade 3 Reading	13 months above the national norm
Grade 4 Reading	5 months above the national norm
Grade 5 Reading	2 months above the national norm
Grade 6 Reading	3 months above the national norm
Grade 7 Reading	2 months above the national norm
Grade 8 Reading	3 months above the national norm
Grade 9 Reading	2 months above the national norm
Grade 10 Reading	2 months above the national norm
Grade 12 Reading	1 month above the national norm

Grade 10 English 6 months above the national norm
Grade 11 English 13 months above the national norm
Grade 12 English 4 months above the national norm

It would appear from the above that in Union No. 40 Johnny can read and knows his English, and we may well expect him to because in every grade the median I.Q. is above the national norm. It is good to know that our children are of such high caliber and that our teachers are doing so well in recognizing this and are holding them to superior performance.

Such a program requires a great deal of cooperation of all concerned, as much work is involved in giving, correcting and evaluating the tests, in diagnosing pupil difficulties and in corrective follow-up. We may be sure that our teachers, in participating in this program, are truly concerned about the welfare of our children.

Appreciation

I would like to take this opportunity to thank the teachers, principals, Mr. Bowley, members of the school board, parents, and others for their valuable cooperation and assistance in the many phases of my work as Helping Teacher.

Respectfully,
MABEL I. CONNOLLY,
Helping Teacher.

I would like to take this opportunity to thank the School Department, the Legion Auxiliary and the School Nurse and her committee. This service would not have been possible without the parents and friends who have cooperated so generously with the work of the Public Health Nurse.

It has been a pleasure to work with you.

Respectfully submitted,

HAZEL W. SOMES, R. N.,
Public Health Nurse.

SYNOPSIS OF SCHOOL MEETING – MARCH 20, '56

The Annual Meeting of the School District was called to order at 8:00 p. m. by Moderator Walter N. Thompson who read the Warrant.

Article 1. The polls were opened for voting for officers by ballot and at 8:30 the balloting was suspended.

Article 2. Moved and voted to pay same salary of officers as last year.

Article 3. Mr. Reagan moved that the special meeting we had this year does not show in this year's report and would request the same to be in the report. Motion carried.

Article 4. No action.

Article 5. Motion made by Alan M. Hazen and seconded by Ferdinand Stucklen that we approve the amount of money as recommended in the budget in the amount of \$25,868.56 for the ensuing year. Motion carried.

Article 6. To see if the District will raise and appropriate the sum of \$400.00 to complete the fence and gates around the school grounds and \$400.00 to replace the black top walks and improve the play ground. Motion was made and seconded to cut out first half of Article, \$400.00 for fence. Motion carried.

Mr. Buckley asked the trustees of the McCollum Institute to give the School Board a deed to the school building so that they could insure the building.

Mr. Kittredge replied for the trustees and said that they had given the school district the use of the building as long as they would use it for school purposes. Mr. Reagan moved that the School Board and trustees meet and discuss the matter.

As no one wished to vote the polls were closed.

Mr. Reagan moved that the meeting be adjourned. Voted.

The Moderator gave the results of balloting as follows:

Moderator	Walter N. Thompson
Clerk	William O. Lamson
School Board (3 years)	Leonard Morrison
Treasurer	Winthrop B. Wood
Auditor	Albert Lamson
Auditor	Ferdinand Stucklen

Respectfully submitted,
WILLIAM O. LAMSON,
Clerk of Mont Vernon School District.

SYNOPSIS OF SPECIAL SCHOOL MEETING **August 4, 1955**

A special meeting of the Mont Vernon School District was called to order at 8:00 p. m. by Moderator Walter N. Thompson who read the notice of the meeting as follows:

The Hillsborough County Superior Court has authorized as an emergency the special meeting with the same authority as an annual meeting.

Article 1. To see if the District will vote to use the Capital Reserve Funds as previously voted and to authorize the trustees of the trust funds to pay these accumulated funds to the School Board as agents of the School District to be used for the purpose of making alterations and purchase of equipment for the future third classroom. Voted the Article be adopted.

Article 2. To see if the District will vote to raise and appropriate a sum of money not to exceed \$3,200.00 for the payments of expenses incident to the employment of an additional teacher for 1955-56. Moved and voted the Article be adopted.

Meeting adjourned.

Respectfully submitted,
WILLIAM O. LAMSON,
Clerk of Mont Vernon School District.
